

ESS Goals 2023-2024

Recycle

Recycling goal

To continue our reduction of waste going to landfill through recycling schemes of 90% in 2023, increasing to 95% in 2024

Procurement goal

Regularly review our supply chain to ensure sustainable procurement for all projects

Energy goal

Review our energy use at London and Manchester bases and liaise with energy providers in 2023-24 and increase Hybrid/Electric vehicle fleet

Repurpose

Repurposing goal

Decommissioned equipment to be re-purposed for use. 90% of all decommissioned equipment to be re-purposed by end of 2024

Support local communities

Local communities goal

Delivery of Digital T-Levels, providing local 16-18 year olds with work placements and course support via London and Manchester with new cohorts in 2023 - 2024

Sustainable procurement

Reflection

ESS Group to review goals and initiatives quarterly, and share findings with the wider business

Energy

Reflect and review
